HELPING VICTIMS  
OF HUMAN  
TRAFFICKING

OM France works closely with the local church in mobilising Christians to make Jesus known and to share His love with all, regardless of age or nationality.

## Partner with us!

We want to see vibrant communities of Jesus followers among the least reached.

### Our teams are seeking to meet these needs

Our work among victims of human trafficking reflects OM's five main focus areas, which aim to build bridges to those who are often confused or without hope.

Evaangelism

Justice

Mentoring

Relief  
development

### Our goal

To accompany women who are victims of human trafficking as they travel the road to freedom in Christ, and to engage with them proactively to bring them into this freedom.

### Our activities

- Meeting and getting to know the needs of women by visiting them during the night
- Arranging daytime meetings with them to read the Bible, pray, and help them to overcome their fears.
- Helping them with paperwork and administration.
- Following up one-to-one as we accompany them on the road out of prostitution and into a normal life.
- Arranging personalised Bible studies, and helping them to integrate the local church
