# Short-Term Missions

COME, TRAVEL WITH US THIS SUMMER AND SHARE YOUR FAITH!

# Short-term Missions

Short-term missions offers you missions opportunities and training varying in length from one week to six months. Throughout the year OM hosts 250 outreaches in 50 countries all over the globe. Do you want to learn to be a follower of Jesus? Do you want to participate in the Great Commission? Come along and experience it for yourself!

You can join as part of a group but also as an individual.  
OM works with international teams; thus, you will never feel alone.  
In this brochure you will find some of the many opportunities.

# How do I go on a missions trip with Operation Mobilisation?

What is involved in joining a short-term outreach? Do you have an idea of what you would like to do, or are you open to different possibilities? Are you planning to come with a group or on your own?

## **APPLICATION PROCESS**

Have you already found an outreach that suits you? Please fill in the online application form (in English). When we receive your application, a member of the short-term team will contact you and help you through the process.

After we receive feedback from your references we will forward your application to the OM office in the country where you plan to do the

short-term outreach. We will also contact your church, as your church is responsible for sending you out on this missions trip. After you are accepted, we will send you a handbook, and you can book your flight. You may also need a visa, vaccinations and medical insurance to join an outreach in some countries. Before you set out, OM will hold a training to equip you for the trip.

## **ORIENTATION MEETING**

If you want to join a short-term outreach for longer than one month, or you are not sure about what you would like to do or for how long, we would love to meet with you. Working with you, we can help you solidify your thoughts and look for a suitable placement within OM.

# Travelling with a youth group

**You can join OM with a group for an organised short-term outreach. These outreaches develop from the long-term OM work happening in the country. As a group, you will come alongside the OM team and local churches to share your faith with others and serve in practical ways.**

Spending two or three weeks on a missions adventure can positively affect a participant and the group as a whole. Therefore, OM supports the group leader every step of way until the group returns home. This support includes a presentation evening and a training day beforehand, along with a party afterward. The preparation ensures that the group is well equipped to share their experiences with others.
